

# MedicalAidFilms

## **Research Volunteer (2 volunteer roles available)**

### **Medical Aid Films**

Medical Aid Films (MAF) is a small, but fast-growing, NGO that uses film and innovative media to transform the health and wellbeing of women and children around the world. We bring together world class health expertise with creative film makers, to develop quality, resource-appropriate film and animation to support education and training in low-income countries about women's and child health.

We are looking for two volunteers to help with research in topics around maternal and child health and use of film in communication for development.

Working with the Head of Evaluation and Research, you will research issues for forthcoming or concept productions plus assist with an existing research project around the effectiveness of global health films.

### **To apply**

You should be able to commit to 5 hours per week for 6 months. Placements will start in September 2019.

Please apply with a short cover letter and CV to [helen@medicalaidfilms.org](mailto:helen@medicalaidfilms.org)
